

**PROJECT DESCRIPTIONS
FOR PROGRAM YEAR 2008
DISTRICT 2 - HAMILTON COUNTY
STATE CAPITAL IMPROVEMENT PROGRAM
(SCIP) PROJECTS**

- 1) **Cincinnati** – Eighth Street Viaduct Reconstruction Phase I - Estimated cost of \$12,000,000.00. Project limits are West Eighth Street from McLean Avenue to Burns Street. Project includes replacement of split piers, repair of structural beams and structural deck, replacement of deck overlays, replacement of sidewalks and railings, replacement of expansion joints, complete superstructure replacements of the west approach structures, reconstruction of approach pavements and replacement of lighting on and below the viaduct. A grant of \$2,000,000.00 was approved for this project. This is the second of two grants approved for this project. Construction is to be complete by July 1, 2009.
- 2) **Blue Ash** – Blue Ash Road & Hunt Road Improvements - Estimated cost of \$1,515,000.00. Project limits are Blue Ash Road from the southern corporation line to Cooper Road, and Hunt Road from 150' west of West Avenue to Blue Ash Road. Project includes removing and replacing the existing pavement; replacing existing water lines; add a dedicated right turn land from northbound Blue Ash Road to eastbound Cooper Road; A loan of \$1,445,000.00 was approved for this project. This is the second of two loans approved for this project. Construction is to be complete by November 30, 2008.
- 3) **Cincinnati Water Works** – Countywide Water Main Improvements Phase V – Estimated cost of \$16,330,000.00. Project includes 20 different projects involving 53 mains ranging in size from 8" to 36" at various locations in Hamilton County. Project includes installation of water mains, valves and water branches, fire hydrants, chambers in the right-of-way, disinfection, pressure testing and performing all other related work. A loan assistance grant of \$162,400.00 was approved for this project to repay 2 years of interest charges on the bond sale. Construction is to be complete by December 31, 2008.
- 4) **Glendale** – Water Treatment Plant Improvements – Estimated cost of \$1,500,000.00. Project is located at 2779 East Sharon Road in Glendale. Project consists of installing a plate and frame press, replacing high service pumps, pneumatic valves, piping, fluoridation system improvements, disinfection system, upgrade electrical service and install a dedicated laboratory area. A loan of \$750,000.00 was approved for this project in both program year 2007 and program year 2008. This is the second of two loans approved for this project. Construction is to be complete by December 31, 2008.
- 5) **Sycamore Township** – Sturbridge Subdivision Reconstruction – Estimated cost of \$2,560,000.00. The subdivision is located on the north side of Montgomery Road, south of Miami Avenue and includes all of Sturbridge Drive, Wetherfield Lane, Branford Court, Westover Circle, Pepperell Lane, and Stoneham Place. Project consists of complete reconstruction of the roadway, new storm drainage system, new curbs, drive entrances, overlay with asphaltic concrete. A loan of \$1,264,545.00 was approved for this project. Construction is to be complete by June 30, 2009.
- 6) **Norwood** – Marion Avenue Improvements – Estimated cost of \$800,000.00. Project limits are from Buxton to Norwood Avenue. Project includes full depth pavement removal and replacement; curb removal and replacement; new water main; storm sewer system replacement; overlay with asphaltic concrete; replace fire hydrants. A grant of \$400,000.00 was approved for this project. Construction is to be complete by December 31, 2009.

- 7) **Cincinnati** – Clifton Avenue Improvements – Estimated cost of \$2,542,482.00. Project limits are Clifton Avenue and West Clifton Avenue from McMillan to Vine Street. Project includes horizontal and vertical geometric improvements to the roadway on Clifton near Zier Place including super-elevation and intersection alignment. Highway work includes grind and pave entire roadway surface and full depth asphalt base and asphalt surface reconstruction in the curve; new sidewalk on both sides of street, traffic signals and overhead signage. The project will address safety countermeasures using pavement markings, LED signal heads, overhead signage, retaining wall construction, and rock fall protection. A grant of \$1,525,489.00 was approved for this project. Construction is to be complete by February 1, 2010.
- 8) **North College Hill** – Emerson Avenue Reconstruction – Estimated cost of \$400,000.00. Project limits are from Simpson Avenue to west end of Clovernook Country Club. Project includes removing existing roadway to subbase; reconstruct with suitable material; remove and replace curbs; install new storm drainage system; install underdrains; overlay with asphaltic concrete. A grant of \$280,000.00 was approved for this project. Project is to be complete by December 15, 2009.
- 9) **Hamilton County** - Galbraith Road Reconstruction – Estimated cost of \$2,851,030.00. Project is located in Springfield Township and the limits are from 500' west of Winton Road to the City of Cincinnati corporation line, approximately at Daly Road. Project consists of complete full depth reconstruction of the roadway; widen roadway to accommodate two 11' interior lanes and two 12' curb lanes; construct new drainage system; install 6' wide sidewalks on both sides of the roadway; overlay with asphaltic concrete. A grant of \$1,368,495.00 was approved for this project for program year 2008. Construction is to be complete by December 31, 2009.
- 10) **North College Hill** – Norman Avenue Reconstruction – Estimated cost of \$225,000.00. Project limits are the entire length of Norman Avenue. Project includes removing existing roadway to subbase; reconstruct with suitable material; remove and replace curbs; install new storm drainage system; install underdrains; overlay with asphaltic concrete. A grant of \$112,500.00 was approved for this project. Project is to be complete by December 15, 2009.
- 11) **Delhi Township** - Morrvue-Pembina Project - Estimated cost of \$535,000.00. Project is located in Friendly Acres Subdivision in central Delhi Township. Project includes extensive full depth reconstruction and partial depth reconstruction of the roadway; curb replacement; drainage corrections; asphaltic concrete overlay. A grant of \$267,500.00 was approved for this project for program year 2008. Construction is to be complete by December 15, 2008.
- 12) **Hamilton County** - Winton Road Improvement Phase II – Estimated cost of \$2,657,859.00. Project is located in Springfield Township and the limits are from North Hill Lane north to Reynard Avenue. Project consists of rehabilitation of the roadway with full depth repairs as necessary; remove and replace existing sidewalk and curb; construct additional left and right turn lanes at the intersection with Galbraith Road. This is the second of two grants originally approved in 2007 for this project. A grant of \$1,275,773.00 was approved for this project for program year 2008. Construction is to be complete by December 31, 2009
