JFS Caseworker Works to Get Vans Donated

Caseworker Susan Wolf (left) and foster mom, Michelle McDonald, stand in front of the wheelchair lift-equipped van donated to the family.

Thanks to the drive of caseworker Susan Wolf, foster mom Michelle McDonald drives foster son Dominic around in a wheelchair lift-equipped van. Wolf, a worker in Traci Marr's sex abuse investigations unit, was the prime mover in getting a van donated to the family. She worked closely with Michael Flannery of Channel 9, who labored behind the scenes to get this van and others. MC Mobility Systems supported the effort. Flannery made surprise gifts of the vans in mid-December newscasts. Kudos to Susan and Michael!

ASPA National Recognition

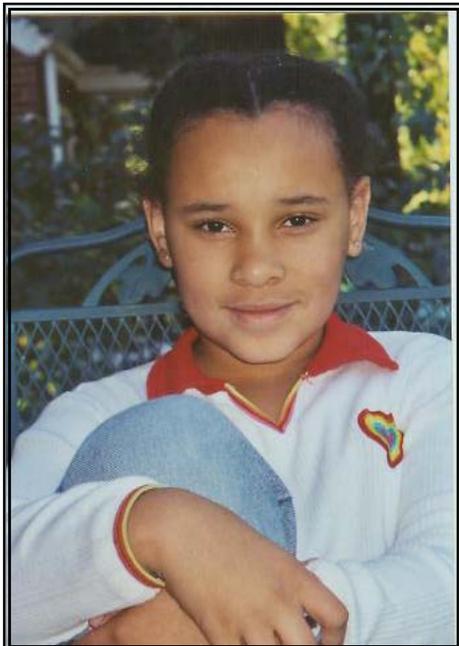

Joan Gilmore, who is employed by Hamilton County's Department of Administrative Services, also serves as President of the Greater Cincinnati Chapter American Society of Public Administration (ASPA).

Joan, and the members of ASPA, received notice that the Chapter has been selected as a recipient of ASPA's 2003 Strategic Plan Implementation Award as a first prize winner in Division 2. The award, plus a \$1,000 check, will be presented during ASPA's Annual Business Meeting on March 15 in Washington, D.C.

Congratulations, Joan and members of ASPA!

One Earth . . . One Chance

This year, the 33rd anniversary of Earth Day will be celebrated starting at 1:00 p.m. on April 19, 2003, at Sawyer Point. The theme, "One Earth . . . One Chance" emphasizes the importance of environmentally-conscious decisions in our everyday lives.

Come visit your friends from the Department of Environmental Services (DOES) at their booth on Earth Day. DOES will be educating the public on the importance of Air Quality and

Solid Waste Management.

Educational booths, activities, and entertainment will energize both children and adults and provide many opportunities for family bonding. This will encourage earth-friendly choices and provide enlightenment and enjoyment at the same time.

leader of Bill's caliber coming to our agency. He possesses a wealth of experience ..."

Smallpox Shots Begin

Hamilton County Fine Arts Fund Campaign

You've probably seen one of the Fine Arts Fund's (FAF) ads, built around the theme, ***Guess Who's Discovered the Arts?*** These clever and humorous ads show how the power of the arts touches everyone!

Art improves grades. Art expands opportunities. Art elevates minds. Art induces dreaming. Art builds communities. Art heals wounds. Art inspires people to be more. Art has a transcendent and magical ability to touch all people, right where they stand.

Last year County employees contributed \$23,437 to FAF. Our 2003 goal is \$25,000. If we hit or exceed our goal, we will join the "Leading Firms" club. We can easily do this with your help. The FAF has a new incentive this year: The Fun Card,

offering 2 for 1 tickets to arts organizations' performances. Ask your coordinator about it.

Your support of the FAF makes our community better. Our arts organizations are an integral part of revitalizing neighborhoods, opening the minds of our youth through educational outreach programs, and offering opportunities for the entire region to come together.

We need this power tool now, more than ever, as we work toward making positive steps in our community.

The County's campaign kicked off on March 10th and will run through April 4th. Please complete your contribution form and consider increasing your gift. If you are not currently a contributor, you can complete a new contributor form today. Payroll deduc-

tion is available and your gift is tax-deductible.

A Countywide raffle will be held for those who contribute to the 2003 FAF campaign. Each contributor has an opportunity to win one of many nice gifts, including Reds and Bengals tickets.
